Reduces Prep Time

Need to travel from one location to another?

Makes Travel Easier

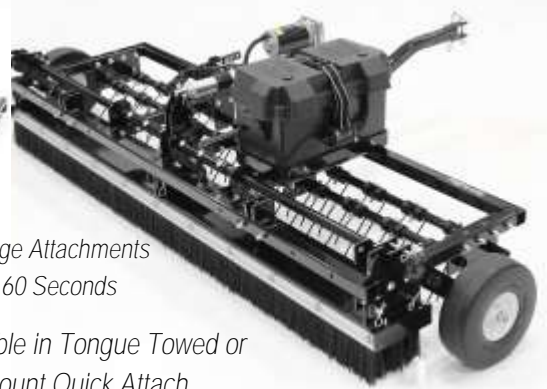

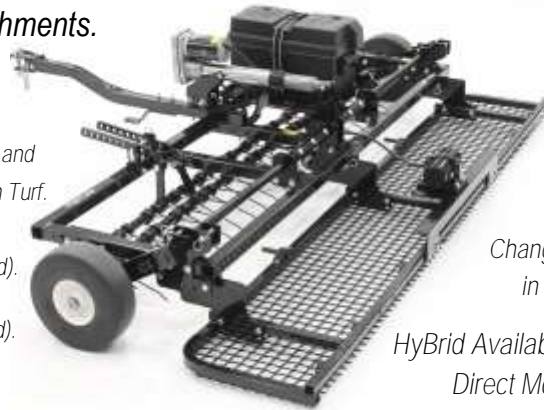

"Quick Attach Swivel"™ HyBrid Groomer

Direct Mount Quick Attach Swivel models connect directly to the rear of tow vehicles. Groomer has no wheels, no frame, no tongue. Simply lift it when traveling from one location to another. **72" wide and 84" wide models available. Connects and disconnects (to tow vehicle) in less than 60 seconds. Mounts on vehicles with 1.25" or 2.00" rear receiver hitches and 3 Pt. Lift for sub compact Tractors.** Performance meets Convenience.

"Quick Attach Swivel" QAS™

World's Only Convertible HyBrid Groomer for Those Who Have Infield and Turf Grooming Needs.

Easily converts from turf grooming to infield grooming in seconds with Quick Drop Off Attachments. Pull with your choice of tow vehicles.

Change Attachments in 60 Seconds

Infields: Choose Between Metal Grading Implement with Broom or Field Finisher.

Do You Know What's In Your Turf?
72" Wide Magnet.

Optional Magnet for Turf.
Strongest Magnet on the Market!

Quick Drop Off Implements makes it easy to convert.

For those who need the convenience of "easy travel" our direct mounted "Quick Attach" models remove the burden of tongue towing a groomer or having to trailer it to go from one location to another.

"Quick Attach Swivel" QAS. Our Rear mount "Quick Attach Swivel" groomers connect and disconnect in less than 60 seconds. You can still use your tow vehicle for other uses. When it's "grooming time" attaching the groomer is quick & easy.

Rear mount "Quick Attach Swivel" groomers swivel when you groom to create a nicer finish. Most competitor rear attached groomers are rigid when grooming (they don't swivel) and they can't produce the same finish. We've combined rear quick attached and swivel technology that no competitor has accomplished..... it's an engineering feat only mastered by Heying Company.

Swivels When You Groom

- HY72 Tongue Towed HyBrid Groomer Models**
- HY72-WR Wireless Remote Control (Battery on Groomer).
 - HY72-SG Corded SwitchBox Control (Battery on Groomer).

Optional Attachments

- Magnet for Turf .72" wide. Helps remove ferrous objects from turf.
- Vibrator for Infield Finisher Rear Attach (includes bracket and wiring pkg).
- Drag Mat. Rear Mount 84", 78" or 72" Wide (includes brackets and hardware).
- Drag Mat Brackets Only (customer can use their own drag mat).
- Additional High Performance Broom Carriage. Double the brushing action on turf.
- Rubber Mat 72" wide. Helps break up aeration cores or spread top dressing on turf.
- Ball Coupler Hitches (1-7/8" or 2.00") for Tongue Towed models.
- Rear Pin Style Hitch / Drawbar for Quick Attach models (use when groomer not attached).
- Rear Receiver Hitches (1.25" or 2.00") for Quick Attach models (use when groomer not attached).

Why This Groomer? More versatile than any other groomer on the market. Easily converts from turf grooming to infield grooming in seconds. Easy to Use. Pull with a variety of tow vehicles. Levels and smoothens infields. Loosens and redistributes rubber infill and stands up turf fibers. Optional magnet removes unwanted ferrous materials from turf. All with one machine.
